SESSION 4: CHURCH LEADERS

A great way to support church leaders is to send them encouragement notes. Write one today and send it off to a church leader.

Tips on writing notes:

Don't be vague: "Thanks for everything you do." Be specific as possible: "Thanks for listening to me rant about school."

Offer specific prayer support: "I am praying you and your wife will have some quality, uninterrupted time together."

Don't be afraid to apologize: "Sorry for saying those negative things behind your back. Will you forgive me?"

Go ahead and use as many positive adjectives as possible: "You're great! You're dynamic! You're terrific!"

Praise and give thanks for qualities and actions: "You are a role model for me." "Thanks for coming out to watch my soccer game."
